DOG

BREEDING

- Irresponsible breeders only take interest in trendy breeds
- They can charge more money for them

IRRESPONSIBLE DOG BREEDING

- They don't have any relationship with their dogs and are only using them to make money

IRRESPONSIBLE DOG BREEDING

The dogs live in horrible conditions:

- the area is dirty
- they are in small cages
- they are not fed properly
- some breeders actually abuse their dogs

- The best solution is to visit the breeder personally and check the dog's living conditions yourself
- Check references from other people
- Ask specific questions about living conditions, parents, age, health etc.
